How to Apply

Students can apply to live in residence at our website:

<http://housing.uwinnipeg.ca>

You can read about the application process online and download and submit the application form. We look forward to receiving your application!

Campus Living

Why choose residence life?

The easiest and most reliable way to secure a home from abroad.

Low Winnipeg vacancy rates (less than 1%) and the need for a local rental history can make it difficult for out of town students to find a home off-campus. By contrast, UW Campus Living's application process is designed specifically for post-secondary students: applying early to Campus Living virtually guarantees a home in residence.

Contracts designed for students.

Most rental agencies in Winnipeg require the signing of a one-year (12 month) lease whose start and end dates may not correspond to UWinnipeg Term dates. UWinnipeg, on the other hand, allows residents to select a four, eight-, or twelve-month contract, depending on the room type and the resident's class enrollment. With UWinnipeg Campus Living you can choose the contract that works best for you.

Closer to classes.

Living in residence can save huge amounts of travel time compared to living off-campus. When your residence room is just minutes away from class, it's so much easier make it to those 8:30am lectures on time. You can even to stop at home throughout the day to grab a snack, drop off textbooks – or even take a nap!

Home-cooked food without the hassle.

On-campus dining by Diversity Food Services offers nutritious, fresh, and ethnically-diverse food options, while eliminating the time and effort required to buy groceries, cook, and wash dishes. Enjoy recipes made with fresh, locally-grown ingredients, ensuring that your meals are as delicious and convenient as they are healthy.
